

SQUARE MILES

New York City has a greater population within its 308 square miles than the eight Rocky Mountain States with Oregon and both Dakotas thrown in, comprising 1,100,000 square miles. That is why New York City real estate is so valuable and forms a sure foundation for investment loans. Buy our Guaranteed Mortgages, on selected buildings, yielding 5 1/2%.

SPRING MEDICINE

The body is like a machine, it has to be adjusted to the conditions under which it lives. Spring marks the change from cold weather to hot weather conditions.

Hence, in Spring, body cells become tired or lazy and need help in repairing and rebuilding themselves, to resist the effects of heat, and its handicaps. Drugs may stimulate temporary action. But Father John's Medicine contains no drugs, no alcohol, but one of Nature's great food-medicines, which is easily digested and promptly made use of by body cells. In use for over sixty years. Try it.—Adc.

SENATE TO DECIDE FATE OF BONUS BILL

House to Pass Measure for Soldiers and Let Upper Branch Take Blame.

TAX FEATURES OMITTED

Two-thirds of Representatives Are Expected to Vote for Its Passage.

Special to THE SUN AND NEW YORK HERALD. WASHINGTON, May 11.—Hope of preventing the passage of the soldier bonus legislation, with its big programme of increased taxes, apparently has been shifted to the Senate with indications that the Senate will put the bill to sleep, as it has done several other House measures this session.

It now seems as the result of the position being taken by the "insurgent" Republicans, who wanted a retroactive war profit tax instead of a levy on retail sales, that the revised soldier bonus bill will be passed by the House probably next week. There is little doubt that close to a majority of the House members believe the legislation is unwise at this time, but with reelection campaigns staring them in the face bonus advocates have the upper hand. Not more than one-third of the members will vote against the bill, its friends believe.

Representative Johnson (S. D.), leader of the Republican "insurgents," said the faction will not seek to insert the war profits levy in the bill now that the sales tax has been eliminated.

"Our main fight was for the elimination of the sales tax, but we do not wish to block the passage of a bonus bill by insisting on a war profits tax at this time," said Mr. Johnson. "However, we are hoping that the war profits tax can be enacted later, as a method of reducing the war debt."

Mr. Johnson's changed position will make it possible for the Ways and Means Committee Republicans to obtain a vote to make the bonus bill in order and to prevent more than one amendment being offered on the floor, as he is the member of the Rules Committee who blocked the rule for the previous bill with the sales tax feature included. Representative Rainey (Ill.) said the members of his party would make every effort to insert the war profits tax in the bill, but if unsuccessful nearly half of the Democrats will vote for the measure on the first roll call.

State Vault Lock Defies Experts.

TOPEKA, Kan., May 11.—Lock experts were called into consultation today at the State Treasurer's office, but no indication of when the big State vault, containing \$11,000,000 worth of bonds and securities, will be opened, it was announced. The time lock has been on a strike since last Thursday and all efforts to open the vault have been in vain.

Ancient Torpedo Explodes.

NEWPORT, May 11.—A cannon ball, one of the many relics of other days at the torpedo station, exploded today while it was being heated in a forge, slightly injuring Florence Harvey, a boiler maker and two assistants. The forge was wrecked.
